Dear Sir:

An audit of travel, commercial (other than imprest fund vouchers), and military pay vouchers, submitted by the accounting and finance office at your installation for the period July 1, 1970, through March 31, 1971, disclosed no errors in the samples examined.

Although these findings for the period ending March 31, 1971, are not necessarily indicative of current operations, it appears that your controls over these activities are satisfactory.

Sincerely yours,

Irwin M. D'Addario
Regional Manager
