B-206063

December 17, 1982

120153

The Honorable George Shultz  
The Secretary of State

Dear Mr. Secretary:

Subject: Approval of the International Boundary and Water  
Commission, United States Section, Accounting  
System Design (GAO/AFMD-83-44)

It is my pleasure to approve the accounting system design of the International Boundary and Water Commission, United States Section, submitted to us by Mr. Roger B. Feldman's letter of November 18, 1982, as being in conformity in all material respects with the approved principles and standards of the Department of State.

To maintain the approved status of the design, planned changes should be discussed with our representatives and, if deemed significant, submitted formally for approval.

We suggest that your internal auditors periodically review the system to assure that it is operating as designed. At some future date, we will examine the system, or selected aspects thereof, and advise you as to whether it is functioning effectively and is in accordance with this design approval.

We appreciate the effort of the Commissioner, International Boundary and Water Commission, United States Section, and his staff for completing and submitting the system documentation for our review and approval.

Sincerely yours,

Comptroller General  
of the United States

cc: Mr. Robert Lyle Brown  
Inspector General
