Reports of the Comptroller General to the Congress of the United States.

Reports on GAO audits, surveys, and investigations of U.S. Government activities. Copies of unclassified audit reports requested by Members of Congress, congressional committee staff members, Government officials, members of the press, college libraries, faculty members and students are provided without charge. Copies are usually available to the general public at \$1 a copy. Orders for audit reports should be accompanied by remittances in cash or by check.

The reports listed on the following pages were issued from January 1968 through December 1968. The listing is organized so that the reports relate to specified functions and services carried out within the Government. Items compiled are grouped on the basis of functional areas of the Government's operations regardless of the agencies involved. Because findings developed in one agency frequently have application in others, this arrangement allows consideration of all findings in all agencies in each functional area.

The functions and services, and the pages where the listings of related reports begin, are as follows.
