1.0 Introduction

For more than 80 years, the Government Accountability Office (GAO) has provided an objective, independent, and impartial forum for the resolution of disputes concerning the awards of federal contracts. The Consolidated Appropriations Act of 2014¹, directed GAO to develop an electronic protest docketing system and authorized GAO to collect and use fees to offset the costs of the system.

GAO's Electronic Protest Docketing System (EPDS) is an automated case management system that allows parties to a case to file documents over the Internet and provides GAO with the ability to make electronic documents available to the parties over the Internet. Use of EPDS is mandatory, except as set forth in the EPDS instructions available at <https://www.gao.gov/legal/bid-protests/file-a-bid-protest>. For example, classified material must never be filed through EPDS.

A goal of EPDS is to be easy to use; a filer creates a document using conventional word processing software and converts it to a Portable Document Format (PDF). After logging into EPDS, the filer enters basic information relating to the document, attaches the PDF file and submits it to GAO. A notice verifying receipt of the filing is automatically generated and emailed to the other case participants.

This guide is intended for **representatives of protesters and intervenors**, including **representatives of other parties** permitted by GAO to participate in a case pursuant to 4 C.F.R. § 21.3(j).

1.1 Scope

The scope of this manual is to provide instructions on utilizing the GAO EPDS. This manual does not provide information on the protest process. For information on the protest process, please visit the GAO website at <http://www.gao.gov/legal/>. If you need assistance in utilizing the EPDS, please contact GAO at 202-512-5436 or protests@gao.gov.

6. Once a document is added, you can add additional documents by selecting **Yes** for the question, **Do you want to Upload Associated Documents?**

7. If appropriate, select **Yes** for the question, **Do any of these documents contain information that is proprietary, confidential, or otherwise not releasable to the public?**
8. Add comments to the **Comments** field if needed. Select **Submit**.

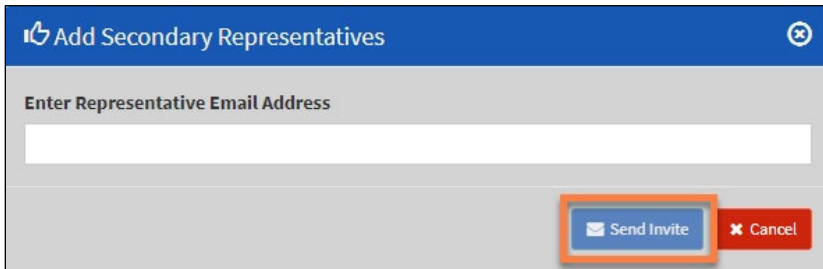

5.4.2 Parties

The **Parties** screen shows all the different parties associated with the case. Each party is allowed to have **up to four representatives** who can access or file documents in EPDS. Follow the instructions below to add a secondary representative.

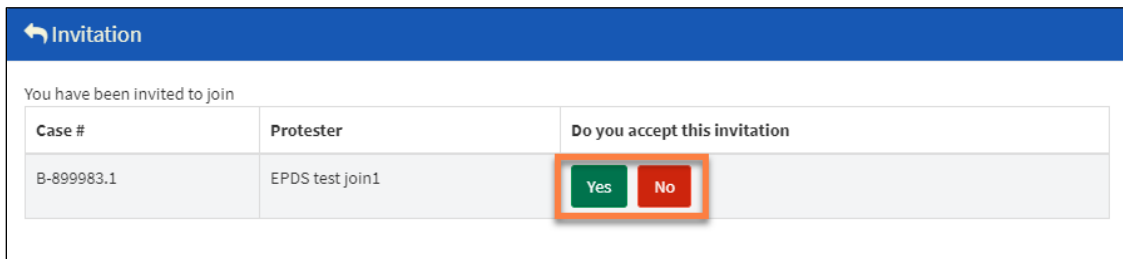

1. In the **Parties** screen, select **+ Add 2nd Rep.** in the **Primary Representative** box (this example is shown from the intervenor perspective).

2. Enter the email for the secondary representative you would like to invite to join the case, and select **Send Invite**.

3. In order to invite a secondary representative to join a case, the individual must have an EPDS user account. If the individual has an EPDS user account, the system will send them an email inviting them to join the case. Upon logging into EPDS, the invitee will be prompted to indicate whether they would like to join the case.

If the person selects **Yes**, they will automatically have access to the case. If the person declines, they will not have access to the case. If the person accidentally declined to join the case, the party’s primary representative can send the individual another invitation by following steps [1](#) and [2](#) above.

4. If the individual does not have an EPDS user account, a pop-up menu will appear with a notification that no such user account exists. Once the individual creates a user account, they can be invited to join the case by following steps 1 and 2 above.

5. Once the secondary representative accepts the invitation to join a case, his or her information will appear on the **Parties** page in the **Secondary Representative** box.

5.4.3 Email Preferences

All service of filings and notices of case developments will occur by postings to the case docket sheet. When a filing or other case development occurs in EPDS, **the default setting is that the system will send all parties an email notification.**

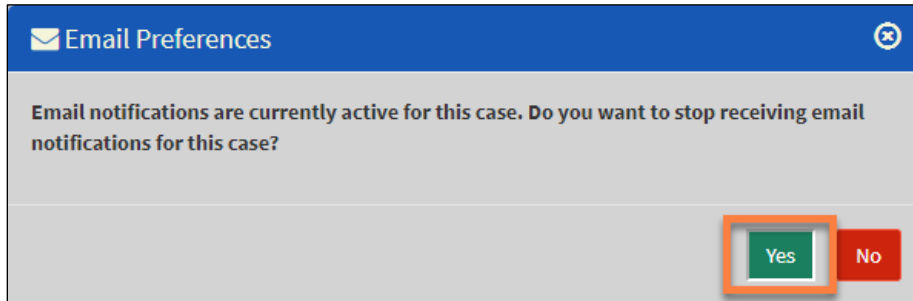

Users are strongly encouraged to keep email notifications activated for each case. Users bear sole responsibility for learning of any new filings or case developments.

Deactivate Email Notifications

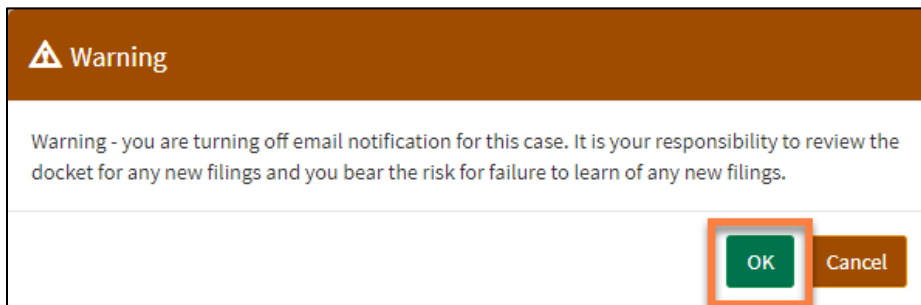

1. On the Dashboard Navigation Menu, select **Email Preferences**.

2. Select **Yes** on the pop-up box.

3. Select **Ok** on the **Warning** pop-up.

4. Select **OK** on the **Success** pop-up.

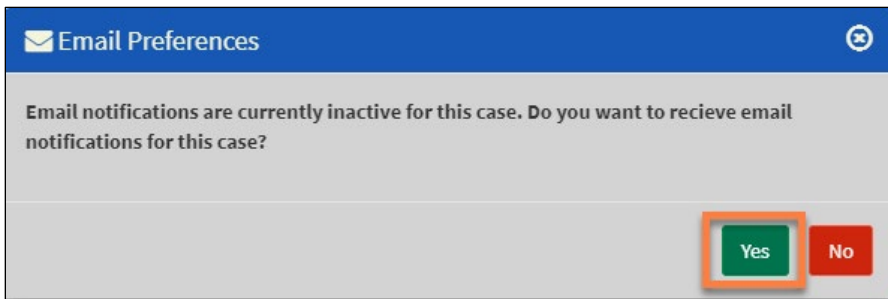

Reactivate Email Notifications

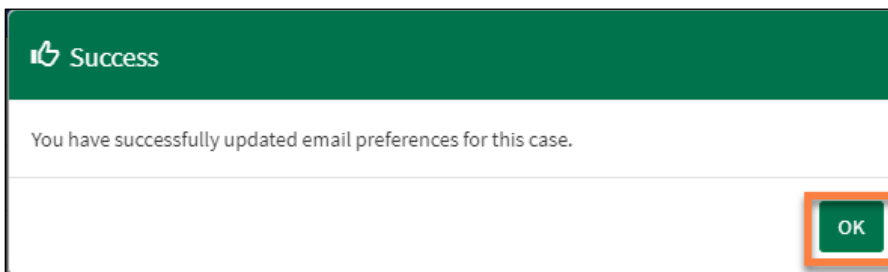

1. On the Dashboard Navigation Menu, select **Email Preferences**.

2. Select **Yes** on the **Email Preferences** pop-up box.

3. Select **OK** on the **Success** pop-up.

6.0 Request to Intervene

Parties can seek to intervene in a case pursuant to 4 C.F.R. § 21.0(b) or per an invitation from GAO pursuant to 4 C.F.R. § 21.3(j). **Before intervening, users must know the B-Number for the protest.** To find the B-Number, go to the GAO Bid Protests search page at: <http://www.gao.gov/legal/bid-protests/search>, where you can search for a case by protester, agency, and/or solicitation number. Follow the instructions below to file a request to intervene in a pending case.

1. From the dashboard, select **Request to Intervene** on the Dashboard Navigation Menu.

2. Enter the protest **B Number**.

Request to Intervene

Q Search

In order to intervene in a bid protest, you must know the B-number assigned to the case by GAO. To find the B-number assigned to a case, please check GAO's docket, where you can search for cases by agency, solicitation number, or protester. GAO's docket is accessible [here](#).

Note: Intervenor means an awardee if the award has been made or, if no award has been made, all bidders or offerors who appear to have a substantial prospect of receiving an award if the protest is denied. To intervene in a case, you will be required to upload a document explaining how you satisfy the above requirements.

3. Select **Search**.
4. When the results load, select **Yes** for the question, **Do you want to request to intervene in this case?**

7.0 Protected Material

Often protests and associated filings and materials contain a company's proprietary or confidential data, or the agency's source-selection-sensitive information that cannot be released publicly. This guide will collectively refer to that information as **'protected material'**. The following provides an overview of the EPDS features for properly marking and safeguarding protected material, as well as how to prepare redacted versions that are publically releasable.

7.1 New Cases and Subsequent Filings

In addition to conspicuously marking the document being filed, when filing a new protest (or other case type) and any subsequent filings in a case, EPDS will prompt the filer to answer the following question:

Do any of these documents contain information that is proprietary, confidential, or otherwise not releasable to the public?

Yes

No

The filer should select **Yes** if the filing includes any information that is proprietary, confidential, or otherwise not releasable to the public. When a filer marks a document as containing information that is proprietary, confidential, or otherwise not releasable to the public, only the party that made the filing, GAO, and authorized representatives of the agency will be able to access the filing.

1. As shown in the example below, authorized users can access a protected filing by selecting the title in the **Type of Filing** column. The title is an **active** hyperlink that opens the protected document.

WARNING

Because the docket will always be viewable by any party to a case, the **parties should refrain from submitting any protected material on the docket**. Rather, any protected material should be set forth in a document that is properly marked as containing protected material and uploaded to EPDS with the designation that the document contains information that is proprietary, confidential, or otherwise not releasable to the public.

As discussed below, if GAO determines that it is appropriate to issue a protective order, counsel who are admitted to the protective order will also be able to access documents marked as containing information that is proprietary, confidential, or otherwise not releasable to the public on the docket.

7.2 Redacted Versions of Filings

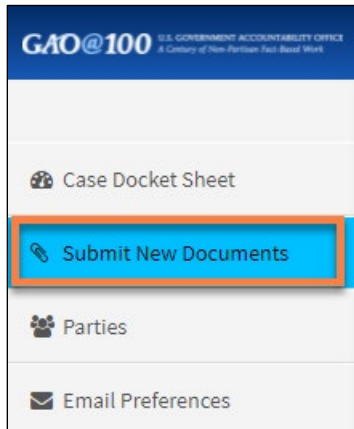

GAO’s Bid Protest Regulations require that a party submit redacted (or publically releasable) versions of new protests that were marked as containing protected material.

For new protests, new requests for reconsideration, new requests for a recommendation of entitlement to costs, or new requests for a recommendation of reimbursement of costs, the **Submit New Documents** link from the case docket sheet will include a **Final Redacted** version in the **Type of Document** drop-down menu. The example below demonstrates how to file a redacted protest.

1. After filing a protest that was marked as containing information that is proprietary, confidential, or otherwise not releasable to the public, select the appropriate protest from the dashboard.

7.3 Redacted Subsequent Versions of Filings

For all subsequent versions of filings in a case, when the parties agree to a final redacted version of a filing, follow the instructions below.

1. Select **Submit New Documents** on the Dashboard Navigation Menu.

2. Select **Final Redacted Version Of (blank)** as the **Type of document**.

7.4 Redacted Versions of GAO’s Decisions

If GAO issues a protected decision, parties with authorized access to the protected decision can submit proposed redactions.

1. Select **Submit New Documents** on the Dashboard Navigation Menu.

2. Select **Proposed Redactions to GAO Decision** from the **Type of document** dropdown menu.

5. Add comments to the **Comments** field if needed. Select **Submit**.

6. All Proposed Redactions are automatically marked by the system as having proprietary information. Only appropriate parties will be able to view these documents.

- GAO will evaluate the proposed redactions. GAO will either correspond further with the parties regarding their proposed redactions, or will proceed to issue a Public Decision that will be accessible on the docket and available to all authorized users with access to the case.

7.5 Protective Order

GAO may, in appropriate cases, issue a protective order that will allow authorized counsel access to all materials in a case that are marked as containing protected material. For additional information regarding GAO’s protective order process, please review A Descriptive Guide and Guide to GAO Protective Orders at:

<https://www.gao.gov/legal/bid-protests/reference-materials>.

- The default setting in EPDS is that a case **will not** have a protective order. As shown on the docket, the case below does not have a protective order.

7.5.4 Admission to a Protective Order

GAO must approve the request to admit a party's representative(s) to a protective order. Once a party's representative(s) has access to the protective order, that representative(s) will have access to all documents on the docket, including documents marked as containing information that is proprietary, confidential, or otherwise not subject to public release.

i NOTE

EPDS only allows up to **four** representatives for a party with the ability to upload or download filings. Additional representatives, however, may be admitted to the protective order and subsequently have access to protected material.

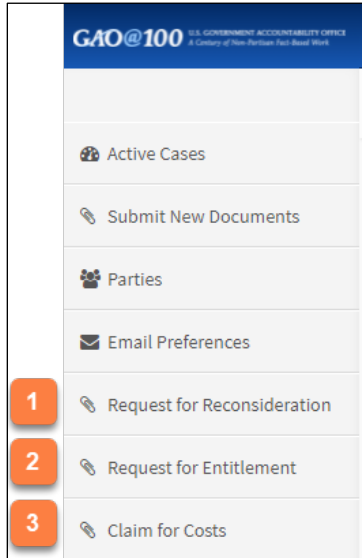

7.5.5 Revocation of Access

GAO may, in appropriate circumstances, revoke a party's access to the protective order. In such cases, the user will no longer have access to documents marked as containing information that is proprietary, confidential, or otherwise not subject to public release.

GAO has created an additional precaution to limit the potential inadvertent disclosure of protected materials to users not admitted to the protective order. Those users not admitted to the protective order will not be able to access documents (other than certain administrative materials issued by GAO or documents submitted by the parties that, by their nature, do not include protected material (e.g., protective order applications)) regardless of whether they are marked as containing information that is proprietary, confidential, or otherwise not subject to public release. Rather, **it is the filer's responsibility to prepare and file a final redaction version of all filings.** Refer to section [7.2 Redacted Versions of Filings](#).

8.0 Closed Case Actions

After a case is closed, the navigation options in the **Case Docket Sheet** change and include additional options.

These new menu items include:

1. File a **Request for Reconsideration**
2. File an **Entitlement Request**
3. File a **Request for Reimbursement** of Costs

The following sections provide additional details on these options.

8.1 File a Request for Reconsideration

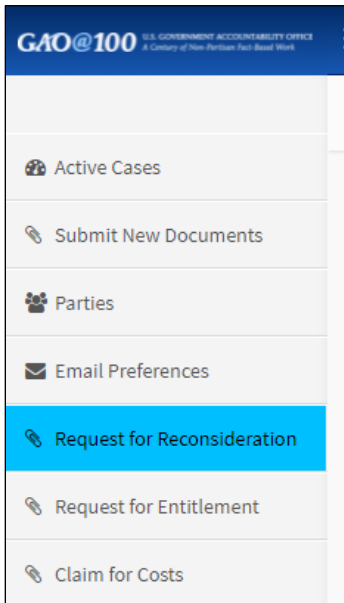

When GAO issues a decision on a case, parties who have not disabled notifications will be notified by email of the decision. Additionally, a case status of **Closed** is displayed in the **Case Status** column of the dashboard and the upper right corner of the case docket sheet.

The acknowledgement package will be available on the docket, and users who have not turned off email notifications for the case will receive an email notification that GAO has posted the acknowledgement package.

8.2 File an Entitlement Request
